- Take pictures of the site before you start to compare results!
- Welcome volunteers and provide appropriate instructions for them to follow. Be clear about the boundaries of the area you are cleaning, and where to return the trash.
- Go over safety protocol. Separate trash and recycling by different bag colors.
- Suggested safety precautions, including social distancing, wearing a face covering, and cleaning your hands often hand sanitizer with at least 60% alcohol, should be practiced.
- If you encounter littered PPE such as masks and gloves, use your own comfort level and common sense as a guide.

- Take pictures when everyone is done.
- Report your results on the app and share the results on social media with the tag #HamiltonRivers Tag us @hamiltonrivers.
